

**Kejian Yang, PhD**  
**Consulting Chief Scientist & Co-Lead of Integrated Team**

As the Senior Principal Investigator for multiple research grants and contracts of more than \$10 millions, Dr. Yang has been funded by CDC and NIH/NIAID to develop mucosal vaccination strategies and vaccine candidates against HSV-2 (R44 AI063820-08, R43AI129378), RSV (R43AI102292, R43AI126999) and other mucosally transmitted pathogens.

Kejian is a frequent reviewer for various NIH/NIAID Study Sections such as R01, R21, R41/42, R43/44, CRP and Special Emphasis Panels and Contracts, as well as an active reviewer for peer-reviewed Journals in the field of viral immunology and vaccine development.
